BEST VALUE WINES OF AUSTRALIA AND NEW ZEALAND

\$20 & UNDER

\$25 NZD & UNDER

Is updated in each issue of *The Wine & Spirit Insider*. Some wines may - if they are still available - remain in the next issue's Best Value Wines listing. Others will sell out, or be replaced by higher-rated wines.

The Wine & Spirit Insider's Best Value Wines listing comprises the best wines currently available, from big-name brands and the higher volume 'second labels' from the smaller producers, as tasted by *Winestate Magazine* panels. The Best Value Wines listing gives credit to the value wines in the marketplace - wines that would otherwise be overshadowed by their much more expensive cousins.

TO QUALIFY

- 1 Wines must have first been recommended in *Winestate Magazine* style or new release tastings. Style tastings are defined as varietal tastings - eg, shiraz, chardonnay, etc. - or blended styles such as shiraz/cabernet wines.
- 2 Wines from designated regional tastings are eligible provided they are widely available.
- 3 All wines must be currently available from the winery, or be readily available in the marketplace. Cellar door wine is ineligible.
